

Hanley St. Luke's CE Aided Primary School

Dear Parents

Head Lice

There have been several cases of headlice reported in school. Please check your child's hair to see if it is clear, if not, please administer treatment.

Should you have any problems, please ring Bentilee Neighbourhood Health Centre, Tel No 01782 231394, and speak with the School Nurse, who will advise you as to the most effective treatment. Advice may also be obtained from any chemist.

To help prevent the transfer of head lice shoulder length hair and longer should be securely tied back.

Please note that school policy is to send children home if they are discovered to have headlice, to enable treatment to be given quickly.

Yours sincerely

M. A. Barlow
