

Paralympics Competition

Some of our year 6 children took part in a Paralympics style competition at Heywood High School this term. The children were in groups of four and took part in various activities where points were added to make a final score. They enjoyed games such as kurling, balloon volleyball and blind folded roll-a-ball. All the children enjoyed the event and were very competitive. One of our teams managed to achieve third in the overall competition out of fourteen schools. A fantastic achievement!
