Miss Brown

Welcome to 1S

Meet your new teacher and support staff.

We can't wait to see you!

WELCOME TO 1S!

We are so excited to welcome you and your child to Year 1. It's going to be a fantastic year filled with fun, learning, and new adventures. In 1S, we dive into exciting topics like *Toys from the Past*, where we'll take a trip to Brampton Toy Museum to see how toys have changed over time. We'll explore *Seasonal Changes* with a nature walk to our local park, and learn all about the *United Kingdom* through creative activities – including building our very own leprechaun traps! Later in the year, we'll discover the world of *Animals* and different animal groups, with a special visit to Peak Wildlife Park. We can't wait to get started and look forward to a brilliant year ahead with your children!

Our new classroom;

What children can expect

In Year 1, children can expect a fun, active classroom full of exciting learning experiences! We explore topics through play, practical activities, stories, and outdoor learning. Children will build their reading, writing, and maths skills, while also learning how to work independently and as part of a team. Most importantly, we create a happy environment where every child feels confident to have a go and do their best.

Please reach out to me if you have any questions about your child.

"Education is one thing that no one can take away from you."

For more information [click here](#) to see our year group page on our school website.

Key Information

Your child has been given a login for Numbots (Reception–Y1) and Times Tables Rock Stars (TTRS) (Y2–Y6), which help children learn key number facts and times tables that are essential for confidence and progress in maths—please encourage your child to practise regularly at home using their login at <https://play.numbots.com> and <https://ttrockstars.com>.

READING AT HOME EXPECTATIONS

Regular reading at home plays a vital role in children's learning and development across EYFS, KS1 and KS2. We encourage children to read at least 3 times a week, as this helps to build confidence, improve language and comprehension skills, and foster a love of books. Reading little and often supports progress in all areas of the curriculum, not just English. To celebrate this, we offer reading rewards to recognise effort and commitment, helping to motivate children and make reading a positive, enjoyable routine at home.

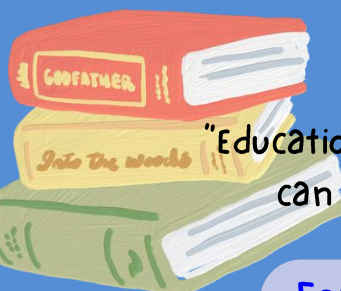

Our School Vision:

"I have come that they may have life and have it to the full."
(John 10:10)
