

Mr Rogers

Mrs Adams

# Hello and Welcome to 6S

Meet your new teacher and  
support staff.

We can't wait to welcome you!

## WELCOME TO 6S!

We're looking forward to sharing our class texts of *Holes*, *Skellig* and *Once* with you this year. In Geography we'll be learning lots about Rivers, Biomes and developing our Mapping Skills – lots of this work will happen during our residential to Stanley Head in October. Our History topics include Ancient Greece and The Battle of Britain as well as learning about canals and the work of James Brindley on our local history day. In Science we'll learn more about classification, how our bodies work and Electricity. There's more, lots more! We can't wait to get going!

## Our new classroom

- Mr Rogers loves sport and keeping fit – you may even spot me running around Hanley or by the canal.
- In Year 6, we enjoy several trips including Stanley Head, to enhance our Geography, local visits to the canal, the library and the Potteries Museum for Operation Spitfire.
- It's certainly a busy final year and one that tends to fly!

Please reach out to me if you have any  
questions about your child.

"Education is one thing that no one  
can take away from you."

For more information [click here](#) to see our  
year group page on our school website.

# Key Information

Your child has been given a login for Numbots (Reception–Y1) and Times Tables Rock Stars (TTRS) (Y2–Y6), which help children learn key number facts and times tables that are essential for confidence and progress in maths—please encourage your child to practise regularly at home using their login at <https://play.numbots.com> and <https://ttrackstars.com>.

## READING AT HOME EXPECTATIONS

Regular reading at home plays a vital role in children's learning and development across EYFS, KS1 and KS2. We encourage children to read at least 5 times a week, as this helps to build confidence, improve language and comprehension skills, and foster a love of books. Reading little and often supports progress in all areas of the curriculum, not just English. To celebrate this, we offer reading rewards to recognise effort and commitment, helping to motivate children and make reading a positive, enjoyable routine at home.

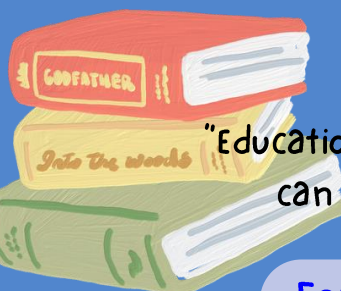

### Our School Vision:

"I have come that they may have life and have it to the full."  
(John 10:10)

### Key Dates, Trips & Events Information

- Reading Challenge (Summer term)
- Wed 9th Sep Meet the Teacher drop-in 3:30-4:30pm
