

# Team Building Day!

Children in year 1 to year 6 took part in a team building event. The children had to perform various tasks like guiding a ball through a drainpipe in teams without dropping it, working as a team to get across the yard without touching the ground and blind folded goal ball where the children had to listen out for the ball (which had a bell inside it!) with the help of their team mates. Children really enjoyed these activities and it was great to experience something new and have fun with their class mates.
