

Cross Country News

Members of our Key Stage Two cross country team recently took part in a Hanley Town meeting at Milton Primary School. All the children managed to successfully complete the circuit and gave their best efforts. There were a lot of children taking part from other schools but some of our children managed to get into the top 20 positions which is a brilliant achievement!

It was really great to finally get out and take part in a proper cross country race after only been able to take part in virtual races against other schools over the last few years. Well done everyone!
