

## PE Sports Premium Report on Proposed Spend and Impact for Academic Year 2022-23

Amount to be received during academic year 22/23	Approximately £18,000
--	-----------------------

Specific Use of Funding	Rationale	Cost	Intended Impact	Sustainability of Improvement
High quality sports club providers at lunch time and after school:	To continue to promote love of sport and increase amount of time pupils are active. Experience has shown that engagement in sporting activity outside of school low and uptake poor any paid clubs have very low uptake especially after school.	Approximately £9000 (Allow maximum of £3000 a term).	<p>From a significant increase from last year's participation to sustain the current uptake of clubs in times of inactivity and economic hardship. Impact will again be shown via participation in at least one club with an increase in available clubs namely after school with increased numbers (post covid restrictions) this academic year</p> <p><b>Summer term 2022:</b>            Year 1 95%            Year 2 90%            Year 3 77%            Year 4 83%            Year 5 75%            Year 6 68%            ( further breakdown available on website)</p> <p>Clubs available: laser tag, gymnastics, dance, dodge ball, multi skills. football, martial arts/boxercise</p>	By continuing to offer children a wide range of activities year on year, they have multiple opportunities to try new sports and activities which they may then choose to take up outside of school but a love of sporting activity is promoted for life.

Fun activities themed sessions/events to sample different experiences in a fun relaxed atmosphere (ASM providers and North Stoke sports association).	To enable a wide variety and range of activities such as scooter, assault course, boot camp, bullseye, circus skills, and team building days for year groups 2-6.	Approximately £1000	Children are able to participate in these activities to enhance their experience of play, fitness and fun in an otherwise limited environment (tarmac play yards).	Children have safe and supervised access to these activities and equipment which they may go on to try at an independent club.
CPD offered to teachers via co taught lessons with expert coaches as well as P.E based meetings, working parties and training. Chance to Shine Cricket, SCFC, North Stoke sports association and ASM.	Continue to offer high quality CPD for staff who need support to deliver excellent PE lessons across a full range of curriculum and also promote the sport to the children by utilising a local link with cricket club (SCFC and Meakins).	Chance to Shine: £45 per year group session: Various year groups in KS1 and 2. Approximately £1000 (Also includes a free half term of sessions funded by chance to shine foundation.)	Teachers are able to go on and deliver independently high quality lessons using the skills taught and children receive expertise in a variety of sports.	Will continue to build on this each year to ensure skills learned are refreshed, retained and further skills developed through ongoing CPD programme using this model and further teachers included where experience is limited.
Transport needs for PE leads and relevant staff and pupils.	Give the ability to maximise the opportunities for a range of pupils with mixed abilities and needs to travel across the City to receive tailored support/activities/festivals/events.	£500	Staff supported to maximise the number of pupils who can access these organised events as well as seeking accreditations (School Games) which directly benefits pupil opportunities and quality curriculum delivery.	Without transport, opportunities, access would be limited to attending interschool festivals, inter school competitions which in turn, heightens motivation to continue to take part in their chosen sport or branch out into others they see during the competitions/ festivals.
Support from ASM to increase leadership opportunities in pupils.	To enable pupils to be trained in leadership roles to benefit pupils at lunchtimes. Playground leaders	Approximately £100	Increased participation in leadership roles for children in C4L, playground leaders and school council roles to promote being active.	Children have the confidence and ownership to promote activity in our school in a casual setting.

Catch up swimming sessions	To ensure those pupils not at required standard by year 6 receive additional lessons on top of core swimming provision	Approximately £2000	Seeing an increase in non-swimmers over the past few years, children will feel more confident, building their strength and stamina to swim 25 metres using a range of strokes from more frequent swimming sessions over a continual period. Increase on last year's year 6 result of 31%.	More children will achieve their 'water safety' award by year 6 and go on to enjoy swimming as a leisure activity and feel more confident in the water.
To enhance the experience of physical and mental wellbeing at breaks, lunchtimes and in lessons with a variety of general P.E equipment.	To ensure that pupils have a wide range of activities and equipment to experience in their own free time.	Approximately £2000	Inspire children to be more active, to join in games with their peers and promote positive relationships.	Behaviour and interaction between fellow peers will improve with less opportunities to be inactive and bored.
To provide opportunities for our more able children in the sport of football.	Boys and girls have the opportunity to further their skills in football in a 'squad' training environment with specialised coaches.	Approximately £500	Creating a regular provision for able pupils with the view to competing in football leagues and competitions.	An increase in children improving their skills which could lead to joining football club teams as they get older.
